

## 關於園區 About the park

台灣自來水股份有限公司第七區管理處特別結合「澄清湖高級淨水場」先進的製水科技和「澄清湖風景區」豐富的生態人文，成立「澄清湖高質水環境教育園區」，於2014年3月25日取得環境教育場所認證，為國內最完善的高質水環境教育設施場所。

本園區是融合水知識、水安全、水生態和水文化的教學場所，以「水資源教育」作為發展課程主軸，從多樣化教學課程與體驗活動，讓學習者可以自主從日常生活中做到知水、愛水和惜水的具體行動。

Seven Branch, Taiwan Water Corporation specially combines the advanced water production technology of the "Chengcing Lake Advanced Water Purification Plant" and the "Chengcing Lake Scenic Area" "rich ecological and humanistic culture, the "Chengcing Lake Water Education Center" was established, which was certified as an environmental education site on March 25, 2014. It is the most complete water environment education facility in Taiwan.

The park is a teaching place that integrates water knowledge, water safety, water ecology and water culture. With "water resource education" as the main axis of the development curriculum, from diversified teaching courses and experience activities, learners can autonomously implement specific actions of knowing, loving and cherishing water in their daily lives.

## 環境解說

## Environmental interpretation

由講師實際帶學員走訪澄清湖水庫周圍環境，透過環境解說方式，認識生活在澄清湖水庫旁的動植物，以及澄清湖水庫的人文歷史與水資源利用。目前有「水源生態之旅」和「自來水不自來」等2套環境解說活動，時間皆為1小時。

The lecturer will actually take the students to visit the surrounding environment of Chengcing Lake Reservoir. Through environmental explanations, they can learn about the animals and plants living beside Chengcing Lake Reservoir, as well as the cultural history and water resources utilization of Chengcing Lake Reservoir. There are currently 2 sets of environmental commentary activities, such as "Water Source Ecological Journey" and "Tap Water Doesn't Come", each of which lasts 1 hour.

## 環教課程

## Environmental education courses

透過實地觀察、體驗、課程、遊戲和實驗等方式，引領大小朋友從大自然探索學習認識與我們生活中息息相關的水資源。目前有「活水再生」「小水滴的奇妙旅程」、「運水大作戰」、「喝好水」、「水土是一家」、「變身小小水巡守員」、「水水樣貌」和「用水饗宴」等8套水資源環教課程，時間皆為2小時。

Through field observation, experience, courses, games and experiments and other courses, we will lead students of all ages to explore and learn from nature to understand the water resources that are closely related to our lives. At present, there are "Living Water Regeneration", "The Wonderful Journey of Small Water Droplets", "Water Transport Campaign", "Drink Good Water", "Soil and Water Are One Family", "Turn into a Little Water Patrolman", "Water and Water Appearance" 8 special water resources and environmental education courses such as "Water Feast", and the duration is 2 hours.

## 創藝生態課程

## Creative Arts Ecological Course

結合環境解說和手做DIY活動，利用澄清湖園區自然素材創作各項具有豐富創意作品。目前有「彩葉貼貼樂」、「桃花心木種子大變身」和「種子吊飾」等3套創藝生態課程，時間皆為2小時。

Combining environmental explanations and hand-made DIY activities, using natural materials in the Chengcing Lake Park to create various creative works with rich creativity. There are currently 3 sets of creative ecological courses, including "Colorful leaves sticking fun", "Mahogany Seed Transformation" and "Seed Strap", all of which last for 2 hours.
